

# Inspiring Functions

**197** Sewing Patterns including 1 Font of Letters

# Sew Comfortably!

## Auto Needle Threader

The needle threader easily threads the needle and allows you to start sewing quickly.

## Start/Stop Button

The color of the Start / Stop button indicates the status of the machine.

## Reverse Stitch, Reinforcement Stitch

HZL-H series can sew a lock stitch at the beginning and end of sewing. There are two types of lock stitch, reverse stitch and reinforcement stitch.

## Direct Pattern Selection

There are 10 types of stitch patterns, from which you can choose one by directly pushing the pattern button.

# Sew Firm!

## Needle Up/Down Position Button

Press the button to change up/down position of needle instantly. Also you can change needle stop position and can even sew a half stitch.

## Buttonhole

HZL-H series sews the buttonhole automatically according to the size of the button.

## Presser Foot Pressure

When sewing thin or thick fabrics, you can get comfortable feed.
